### Encore Pro...

...is a partnership of musicians and specialists that serve musicians. It's prime focus is selling, servicing and buying high quality wind instruments.

By thinking "outside the box"...

..we strive to offer opportunities and services that are rarely found in traditional full service music retailers. Even if by chance we cannot meet your specific needs, we will work with other specialists in assisting you, whether or not you do business directly with us.

We stand by the instruments we sell. They carry a 90 day labor and parts warranty and a years labor warranty. We provide a seven day trial period (which can be flexible if agreed in advance), where we fully refund the money you paid (excluding shipping), if the instrument is not to your liking. This assumes that you return it in the same condition as we provided it to you.
